"We are indeed one in Christ..."

Issue 3

HALLELUJAH!

What a glorious reunion there will be in heaven when God's faith family of "every kindred and tongue, and people, and nation" gather together to praise Him! In all

*Becky Combee and interpreter,
Tanya Knight, at Logos Bible School*

nations the declaration that surpasses every language barrier is HALLELUJAH! How much more in that day! We are indeed one in Christ and the unity of our spirits is greater than the barrier of language.

In Russia, the response to God's Word and His Spirit was so exciting and certainly an indication of our bond in Christ. Every hour of time in preparation and travel was rewarded by their hunger for God. With the assistance of a very anointed interpreter, we declared God's Word. We constantly sensed the gratitude of the students. They listened. They answered our questions. They took notes.

On the final night of classes, the Holy Spirit brought us great joy. I had finished teaching and had ministered to everyone by the laying on of hands. I was sitting down with my eyes closed when I heard a loud thud. In a few minutes another thud. It was God's people falling by His power and without man's assistance. Praise the Lord! I loved it. It was followed by much laughter and, yes, "Holy Rolling". It was a move of the Spirit that was

unusual for them. We believe that refreshing from heaven will be transported from the students to their churches. How great is our God. "All over the world His Spirit is moving."

We are so glad to be home. Yet soon our hearts will long to go again. We are blessed to "come and go" in His name. Thank you again and again for supporting us in prayer and finances. We love you all.
