Let's Do It!

We look forward with joy to the year 2000! We know new opportunities and expanded vision await us. God is increasing his presence in his people and indeed in the earth. We are so privileged to be a part of what He is doing. "The glory of the Lord will fill all the earth." *Isaiah 6:3*, and we are here on the earth in the glory until He comes.

We continue to be excited about God's healing message which is in His redemptive plan. As we teach Prayer and Healing School each week, we see good things happening and great things on the horizon. The glory increases as

we lay a foundation for the hearts of those who need His healing touch. What a grand message we carry.

There are increased opportunities to teach in many churches. Oh, how we love to share His word. The anointing is amazing. The Holy Ghost is wonderful and we so often fill wrapped up in His presence. Our desire is to make His word "so clear" - to really make a difference. It is happening more and more. We depend so much on Him.

We are so glad to join in agreement with you that every dream God places in your heart as you carry His

Happy Holidays

message comes to pass. Step by step we do His work together. My part, your part, their part - each very significant and necessary to fulfil His will on the earth..

If we can be of service to you this year, we can be contacted here at the ministry address or via our email address at combee@gte.net. God bless you during this Christmas season and as you enter the new year.

"Step by step we do His work together. My part, your part, their part - Each very significant and necessary To fulfil his will on the earth."

Ministry News

We are soon to complete two years of radio ministry. Our program "A Time of Faith with Becky Combee" can be heard on WTWB 1570 kHz AM at 10:45 A.M. Monday through Friday. We record, edit, and deliver to the station five 15-minute programs each week.

To assist me in this effort our daughter Suzanne Williams is working with us to help produce the program as well as general office work. Her assis-

tance has been invaluable while relieving me of late night work on the computer. Program editing and production has not been without challenges. Learning the function of audio editing software and overcoming computer crashes has certainly required patience. We have overcome!

I praise God for all the blessings sent our way. Becky continues to receive invitations to minister in local

churches. We are believing God for open doors "greater than we can ask or think". We endeavor to do our part for gathering in the end time harvest. Stand with us that God's presence and his anointing will increase in ministry and all he has for us to do. We love you.

From Behind The Desk

This has been a year of new beginnings for me, and a chance to put neglected skills into use. I am so excited to have begun this year to work as office staff in assistance to my parents. I know how hard it was for them before I decided to take all of this on.

When it was presented to me, I could see the timing of the Lord in it because this year my daughter Ashley

was to start school, and this freed up a good portion of my time. There has been much to learn, and it has been nice to reuse computer and office skills I had gained in previous employment while picking up new ones in the process.

I am glad to see the results of continuing hard work and am believing for great things in the new year. I would

like to wish your family a very happy Christ-filled holiday season and say as Mary did in *Luke 1:49* "For he that is mighty hath done to me great things; and holy is his name." God bless!

Suzanne Williams
